

Way of Discipleship

# Bible

# Confidence

**How can I grow and change as a disciple in my everyday living?**

**Bible Confidence and Knowing the Story is the fourth six session course in the “Way of Discipleship”.**

It shapes understanding by looking at such questions as:

What is the story of the Bible? How can I trust it? How do I listen to God in Scripture? What about its difficult parts?

It shapes our lived experience by looking at how we can read it well, explore it, be shaped by it.

It starts here on:

To join a group:

## More about Way of Discipleship

The courses are about developing confident understanding of discipleship, but more importantly shaping our lives around the habits and practices which help us grow.

## What is in it?

In each session there is worship, some core content, modelling by other local, ordinary Christians of discipleship in their everyday experience, Scripture study and a chance to reflect on, “What is God saying to me?” and, “How may I respond?”

## Who is it for?

It aims to be flexible, and so suitable for many people. It’s the next step on from a basic foundation, but it has lots of extra options to stretch those who want to dig deeper.

It’s about being transformed – and so may be helpful for lots of people at different stages of their Christian journey.

You don’t need lots of knowledge, or to be a “confident Christian”.

You just need a desire to grow..
